Maxprog is Proud to Present New Release of iCash, Version 2.4

iCash is an easy-to-use, full featured and multi-purpose software intended to control your personal finances, keeping track of incomes, expenses, credits, debts and Banks transactions for you. It is available in multiple languages: English, German, French, Swedish, Italian, Dutch, Spanish and Portuguese.

Los Angeles, CA (PRWEB) August 21, 2005 -- Maxprog is proud to present a new release of iCash, new version 2.4, available now in English, German, French, Swedish, Italian, Dutch, Spanish and Portuguese on Maxprog website with several interesting improvements, new features and bug fixes.

 As simple as creating the accounts you need and move money between them! You don't even need to know about accounting or even care about it!

 iCash can serve several small accounting needs for either private users, or clubs, associations, self-employed, small businesses or simply to be used at home, making keeping track of incomes, expenses and Banks transactions a snap. With a few clicks you can begin creating accounts and making transactions in minutes.

 Key features:

 - No accounting knowledge needed. (No double-entry bookkeeping)
 - Unlimited fully customizable account creation.
 - Unlimited categories to classify all your accounts.
 - Transaction auto balance and reconciliation
 - Custom Reports and queries.
 - Charts per account and account type or category.
 - Queries lets you quickly locate given transactions.
 - Fast Import and Export of Categories, Accounts and transactions. (Text, QIF, ...)
 - Easy-to-use, straightforward and user friendly all-in-one interface.
 - Fast SQL database engine.
 - Multi-document with password protection.
 - Drag and Drop support.
 - Available for Mac OS X, Mac OS 8.x, Mac OS 9.x and Windows 95/98/2000/Me/NT/XP
